## **STATEMENT OF REASONS**

### **Dockless E-bike Trial – Phase 2 Introduction of dedicated e-bike parking provisions**

The council are trialling the introduction of dedicated e-bike cycle parking spaces as part of a formalised agreement with e-bike operators. At present, e-bikes operate informally throughout the borough with little or no clear identification as to where bikes should be located following their use.

The purpose of this trial therefore is to ensure the council have a stronger role in shaping how the e-bike schemes operate and enables the borough to agree areas of the footway/kerbside that are designated for e-bike parking. This, in turn, is expected to minimise the risk of e-bikes being left in inconsiderate/inappropriate locations.

As part of the trial, all e-bikes will need to be hired and returned from dedicated on-street bays, with fines and eventual bans for those users who do not comply. E-bikes provided by the operators will be limited to speeds of 15mph.

Phase 2 of the project relates to the introduction of bays across the Brentford, Hounslow and Isleworth areas and the scheme will be in place for a minimum of 6 months, after which the individual locations will be reviewed to determine if they should be made permanent or otherwise.
